Darrow, LA 70725

I just wanted to let you know how much our employees and visitors enjoyed our dinner in the Neptune Ballroom on January 26, 2011. We followed your advice on the menu selection and it was definitely a great choice. The filet and fish were cooked to perfection, and the crab cakes received great accolades also.

The delicious food was only part of a spectacular evening. The servers were very accommodating and eager to please. Ms. Cecily Boudreaux was very personable and flexible in our planning.

After spending the day in a conference room setting, the Neptune Ballroom and the surrounding gardens offered a welcoming, comfortable environment. We will definitely consider this crown jewel when planning special events in the future.

Sincerely,

Marcus
Site Manager
