Subject: Our 30th Anniversary Plantation Tour

Mr. Kelly,

I have been in Architecture for over 30 years. My wife and I visited Houmas House as part of our tour. We have not stopped talking about what you have done. The art you have collected. The gardens you have created. I felt I had to tell you how deeply I appreciate what you have done so far and that you allowed us to tour your home and gardens. Thank you for your generosity.

Sincerely,  
Fred and Elsie
