Subject: Our wonderful Tour

Dear Mr. Kelly,

I wanted to drop you a line to thank you for a stupendous tour of your plantation. The four of us felt very privileged to have toured your home. I can't thank you enough for sharing it with the public. You can tell at once that a lot of tender loving care goes into the upkeep of the grounds as well as the furnishings of the house. Our tour guide was fun and so informative and I'm just sorry I can't quite recall his name. We ran into the Head Gardener Mr. Black and were treated to a tour of his paintings and learned more history. This was our first trip to New Orleans. My daughter and her friend planned eight months ago for this trip as a thank you to both of us mom's. They were not expecting such a wonderful tour and were delighted with the hours we spent at the plantation. I could go on and on but really just wanted to let you know that you helped four people, strangers, feel welcome in your home. You sent us on our journey back to Phoenix and Denver with a greater sense of history of this great country. God bless you and thank you again.

Sincerely,
Marsha
Phoenix, Az.
